SUBJECT: COUNTRY CLEARANCE GRANTED TO MERRILL AND LAGUNA  
FOR TRAVEL TO ST. VINCENT

REF: T. RHODES EMAIL 3/19/2007

11. Embassy Bridgetown welcomes and grants clearance to Frances B. Merrill and Diana M. Laguna, Transportation Security Specialists, TSA, to travel to St. Vincent and the Grenadines from May 13-24, 2007. The purpose of this trip is to provide an International Civil Aviation Basic Security Training program in conjunction with and financed by the General Secretariat of the Organization of American States. The program is designed to enhance aviation security screener skills.

12. Per reftel, Embassy understands assistance is not requested.

13. Embassy Bridgetown requests that an outbrief be provided to the Political/Economic Section relating to activities while in the region within 10 working days of completion of travel. Please provide the outbrief by telephone, 246/436-4950 x4282 or 246/227-4282, or by fax at 246/227-4174.

14. Entry/departure requirements: Mission policy is that all USG travelers to the region be in possession of a valid passport. Visas are not required, length of stay is determined by immigration official upon arrival, if necessary. All visitors must have a return or ongoing ticket. There is a departure tax of 30 xcd (Eastern Caribbean dollars) or 12 U.S. dollars.

15. The exchange rate in St. Vincent and the Grenadines is 2.70 xcd (Eastern Caribbean dollars) for one U.S. dollar. U.S. currency, traveler's checks, and credit cards are routinely and widely accepted.

16. The following is general information pertaining to security and health considerations throughout the Eastern Caribbean:

#### Security

-----

In the Eastern Caribbean, foot travel outside of well-established tourist areas is not generally recommended, especially at night. Be vigilant when using public telephones or ATM machines near roadsides or quiet areas. As in many U.S. metropolitan areas, wearing expensive jewelry, carrying expensive objects, or carrying large amounts of cash should be avoided. Visitors should also safeguard valuables while at the beach. While hotels are generally safe, many visitors have experienced loss of unattended items. Hotel burglaries are not uncommon and all valuables should be locked in room safes if possible.

#### Health

-----

Throughout the Eastern Caribbean, the most likely threat to a visitor's health is sunburn. It takes several weeks to become accustomed to the heat and humidity. Prolonged exposure to the sun, without protection, causes sunburn and may ultimately result in sun-damaged skin or even skin cancer. Sunscreens should be used for protection. In Barbados, St. Lucia, and St. Vincent and the Grenadines the major health threat is dengue fever, transmitted by mosquito.

Dengue cases are most often seen in the summer months. Persons should therefore protect themselves with insect repellent. There is a growing number of HIV/AIDS cases reported. The Eastern Caribbean enjoys clean and safe drinking water. Only routine boosters for immunizations (i.e., tetanus, diphtheria, and oral polio vaccine) are required when traveling to this region. Barbados has the best medical facilities of all the islands in the region and most of the medical specialties have practitioners here.
